

1. Want to organise a trip to the pub? Start by clicking 'Organise'

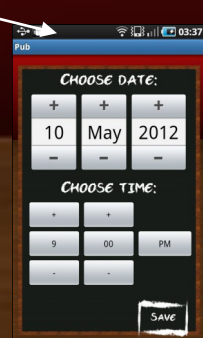

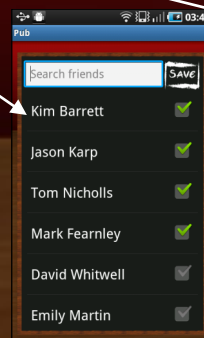

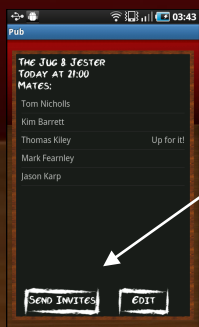

2. Using its unique algorithm, Pub? will suggest a pub location and a list of mates based upon your previous pub visits and your Facebook activity.

3. Simply click on any detail you wish to change.

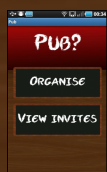

4. Send your event invite to your list of mates or Save it for later.

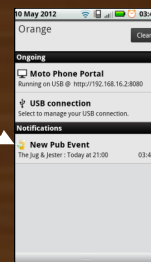

Pub? will give you a notification whenever an event is updated, an invitation is received or a mate has replied. Just click on it and Pub? will bring you to the relevant event screen.

1. Received an invite or want to see who has responded? Click 'View Invites'

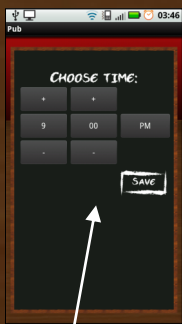

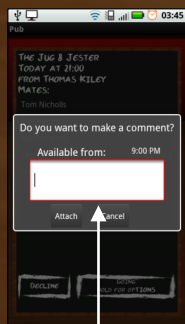

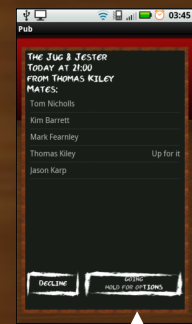

2. All invites are ordered depending on your status within the event.

Green: It's on!  
Yellow: Waiting  
Red: Cancelled

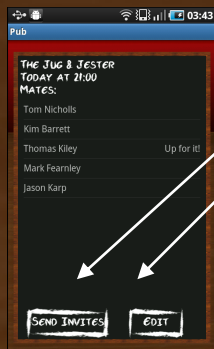

3. See who has responded, view messages from invited mates, edit the event or confirm the event is going ahead.

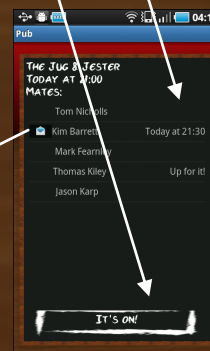

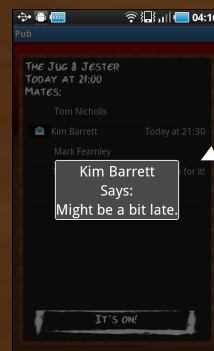

4. Respond to an event or send the host a message with the time you're available from. You can also see who else is Up for it!

Can't see an option you're looking for on screen? Try pressing the phones 'menu' button.

5. Edit one of your events and send it to your list of mates.

Pub chosen. Mates Up for it! Time confirmed. Then...
